

# Clamping and Working Table

wolcraft®

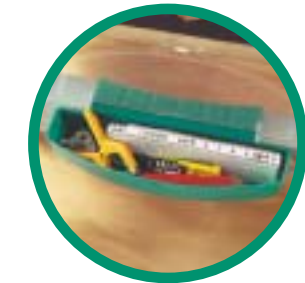

# master compact

The mobile household workshop  
- versatile, and always close at hand!

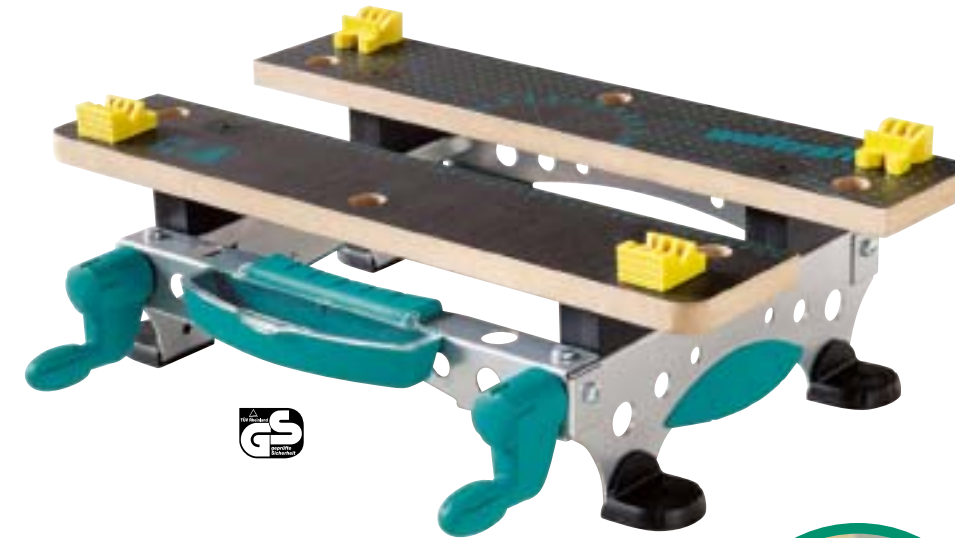

Art.-No. 6162 000

Ideal for household repairs, handicraft  
work or small renovations.

Storage with lid, for  
holding small parts.

Thanks to its compact size, it is easy to store and always  
quick to hand. Fits into most kitchen cupboards.

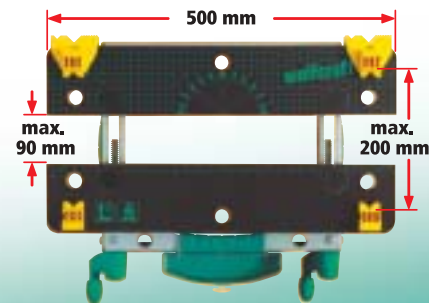

Plastic clamping  
jaws for flat and  
round clamping.

High-quality MDF top with a  
variety of clamping options.

With slip-resistant  
rubber feet.

max.  
125 kg

# master 800

## Workbench with pedal-operated quick-action clamping

Art.-No. 6179 000

Look, no hands! The clamping and release mechanism is operated by a double foot pedal, both hands remain free to position the workpiece. The table is ideal for large workpieces, has an especially large work surface, can support up to 200 kg, and is particularly stable due to a solidly designed base frame with a large frame footprint.

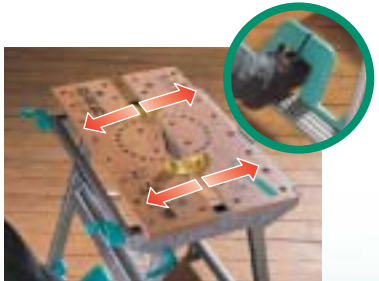

- large working area with 2 MDF jaws: front jaw can be adjusted using 2 cranks, rear jaw has a quick clamping release adjustment
  - sturdy, trapezoidal base frame with rapid foldaway system, very compact when stowed
  - integrated tool storage rack, 4 plastic jaws allow flat workpieces to be held; 4 additional jaws allow round workpieces to be held
- 5 year guarantee**

Left-hand clamping.

Right-hand clamping.

Releasing.

Freehand clamping.

# master 600

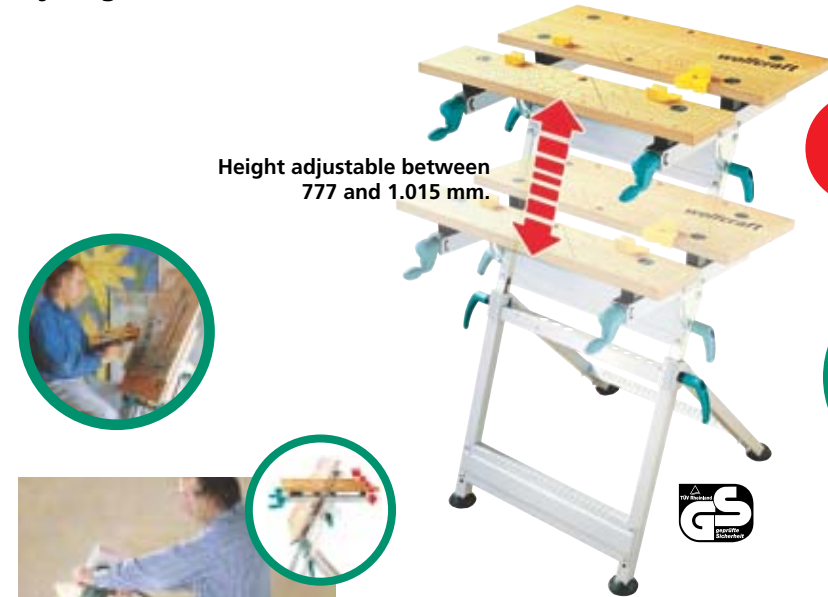

## Height-adjustable clamping and workbench

Art.-No. 6182 000

The right working height for all uses! The height adjustment provides you with an ergonomic working position for all heights no matter whether seated or standing.

- robust frame which can be quickly folded away for space-saving storage
- strong foot rest
- integrated tool storage rack, 4 plastic jaws allow flat workpieces to be held, 2 additional jaws allow round workpieces to be held

**5 year guarantee**

Height adjustable between 777 and 1.015 mm.

Can also be used as a machine table.

Larger table area due to use of an extension plate.

EinfaEasy to fold together and can be stored in a space-saving manner.

Tilting table top with infinite fixing possibilities between 0 - 65° provides new areas of use.

# master 200

## Universal clamping workbench

Art.-No. 6177000

Robust, clamping workbench, universally useful; no workshop or home should be without one, rapid foldaway system ensures quick and compact stowage.

- 2 MDF jaws, the front jaw is adjusted using 2 handles
- Integrated tool storage rack
- 4 plastic jaws allow flat workpieces to be held

**5 year guarantee**

Robust frame which can be quickly folded away for space-saving storage.
